Carolyn Goodridge,

Founder and Executive Director of Art Impact®

6445 Luzon Ave NW #208, Washington, DC 20012.

Dear Carolyn,

Letter of support and appreciation for The Child Factor art exhibition 2021

Art is the expression of our human conscience and it is what makes us different from all other creations. Art is also our message in the bottle to the members of the human race, generations long after we are gone.

On behalf of the trustees of Precious Gems international, we are most grateful to Art Impact® for this beautiful and honourable project that is aimed at helping the children to amplify their voices to the society through art.

We will also like to use this letter as a medium to express our warmest regards to the artists who have dedicated their time, sweat, blood and love to create exquisite masterpieces as part of the vision of Art Impact® International. We are indeed most grateful.

This exhibition will help Precious Gems to make a world of difference to children in Africa.

We are currently working with children across several African countries on issues ranging from poverty to child sexual violence, as part of our Inspire to Aspire campaign for children in Africa.

Once again, I will like to say a big thank you for your love and warmth towards children.

Thanks a million.

Dr. Oboh Achioyamen
